Information sheet

DMX Controller, DMX512

RGB LED

Decode driver adopts microcomputer controlling technology

Standard numeral signal to analog signals.1-3 output pathway can be use

Multi effect - jumping or gradual changing, rainbow, chasing effect

Dimensions: approx mm

IP 20 CE RoHS

Specifications

RGB - 12v/24v
3 ports
5A - 180w max

Product Code

DMX512	RGB
